Tru Vue now offers a 2mm water white, anti-reflective glass product, Ultra Vue. It blocks 65% of UV light and offers the same superior anti-reflective properties that you've come

to expect from Tru Vue. The water white substrate provides pristine color neutrality and anti-reflective coating.

It's available in 32x40, 36x48, 40x60, and (new) 48x68.

Museum and Conservation glass is now available in 48x68 for framing oversized pieces.

Generic Glass

WOW!!!!
